

DOMESTIC MARKET DOMINANT BILLING DETERMINANTS

Note: Revisions of March 24, 2020, are described at end of document in **bold**.

I. PREFACE

A. Purpose and Content

USPS-FY19-4 contains the U.S. Postal Service billing determinants for domestic market dominant products for FY 2019 and the distribution of the market dominant fees by classes. Billing determinants provide specific information regarding revenue and volume of postal products and services.

B. Predecessor Document

Domestic Billing Determinants for FY 2018 were filed with the Postal Regulatory Commission as USPS-FY18-4. The predecessor document did not contain the distribution of the market dominant fees.

C. Methodology

The methodologies used to produce the FY 2019 Billing Determinants follow the methodologies used in the FY 2018 and earlier versions of the billing determinants.

D. Input/Output

The data in this folder are used to develop workshare and other cost information contained in USPS-FY19-10, USPS-FY19-11, USPS-FY19-12, USPS-FY19-13, USPS-FY19-15, USPS-FY19-16, USPS-FY19-17, USPS-FY19-18, and USPS-FY19-19.

II. ORGANIZATION

In addition to this Preface, USPS-FY19-4 consists of a zip file containing two folders and one additional file (FY19 MD Fee Distribution.xlsx – Distribution of FY 2019 Market Dominant Fees). One folder presents the FY 2019 Marketing Mail billing determinants, and includes four Excel workbooks containing the four individual quarters, plus a fifth Excel workbook containing the fiscal year Marketing Mail billing determinants (which are an aggregation of the four quarters). The other folder contains the remaining FY 2019 market dominant billing determinants. In this folder, each file directly includes both quarterly and annual billing determinants. The following list indicates the contents of each workbook in the other folder:

FY19 AK_BD.xlsx – Alaska Bypass Billing Determinants
FY19 BPM BD.xlsx – Bound Printed Matter Billing Determinants
FY19 FCM.xlsx – First-Class Mail Billing Determinants
FY19 Periodicals BDs.xlsx – Periodicals Billing Determinants
FY19 Special Services PRC.xlsx – Special Services Billing Determinants

FY19 ML BD.xlsx – Media and Library Mail Billing Determinants

FY19 Pick Up on Demand.xlsx – Pick Up on Demand Billing Determinants

Revisions of 03/24/2020: The revisions of this date relate to Address Management Services (AMS) within the Special Services file. No other files are affected, and thus only the Special Services file is being replaced. Within the Special Services file, the only tab affected is “K-1 Address Management Services.” The relatively few cells that are revised (or added) are highlighted. Most of the revisions occur on ACY Licensing rows (including some instances in which the row was previously simply mislabeled as “Prorated”). The overall effects are quite minor, and even within individual AMS products, only the ZIP Move total has a notable percentage increase.
